BOARD OF NURSING

IN THE MATTER OF THE LICENSE OF	:	Administrative Action
	:	
PHYLLIS F. MAZZULLO, R.N.	:	
License #26NR12197100	:	ORDER
	:	
TO PRACTICE NURSING IN THE	:	
STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Nursing (the "Board") upon receipt of a written petition from Phyllis Mazzullo, ("Respondent") to be released from all of the restrictions and conditions placed upon her practice of nursing pursuant to the terms agreed to in a Consent Order filed on October 18, 2006.

The Consent Order provided that Respondent could maintain her license and continue to practice nursing with several restrictions, and with the condition that she was to enroll in

and comply with the terms of the Recovery and Monitoring Program ("RAMP").

The terms of the Consent Order permitted Respondent to apply to the Board in writing for the lifting of the requirements and restrictions of that Order upon successful completion of the RAMP. Respondent has submitted proof of successful completion of such program, and requested that the restrictions placed on her nursing license be lifted. Moreover, RAMP notified the Board that Respondent had completed her RAMP contract and indicated that Ms. Mazzullo had been exemplary in her compliance with RAMP requirements.

The Board has determined that Respondent has complied with the terms of the original Consent Order, including successful completion of RAMP. The Board has, therefore, determined that the within Order is sufficiently protective of the public health, safety and welfare; and in lieu of further proceedings, and for other good cause shown;

IT IS on this 10th day of Aug., 2012
HEREBY ORDERED that:

1. Respondent's petition to be released from all conditions and restrictions contained in the original Consent Order filed on October 18, 2006 is hereby granted and

Respondent's license is no longer subject to restriction or
encumbrance.
